

With Purpose Counseling
LLC. Social Media Plan

"Strength Spotlight Series"

Create short, engaging videos highlighting different strengths and how they can be applied in school and life. Encourage viewers to identify their own strengths and share how they use them.

Example post: "Today's Strength Spotlight: Creativity! Watch how Sarah uses her creativity to manage stress. What's your superpower? Share in the comments!"

"Emoji Mood Tracker"

Encourage followers to track their mood using emojis. Share weekly posts asking them to comment with an emoji that represents their current mood - teaching self-awareness and opening conversations about emotions.

Example post: "How's your week going? Drop an emoji in the comments that best describes your mood right now. Remember, you're allowed to feel exactly how you feel."

"Mindful Meme Monday"

Every Monday, share a funny, relatable meme about school life, mental health, or self-care. Encourage followers to create and share their own memes using the hashtag #MindfulMemesWithPurpose.

Example post: "It's Mindful Meme Monday! Here's our take on exam stress. Can you relate? Share your own mental health meme using #MindfulMemesWithPurpose for a chance to be featured!"

"Wellness Wednesday Challenges"

Post weekly wellness challenges that are easy, fun, and school-friendly. These challenges should promote mental health and self-care practices.

Example challenge: "This Wellness Wednesday, we

challenge you to compliment three classmates or coworkers. Spread positivity and watch how it boosts everyone's mood! Share your experience in the comments below."

"Growth Goal Fridays"

Every Friday, share a post encouraging followers to set a small, achievable goal for personal growth or self-care for the upcoming week.

Example post: "It's Growth Goal Friday! This week, we challenge you to practice 5 minutes of mindfulness each day. Comment below with your own growth goal for the week!"

"Gratitude Graffiti Wall"

Create a virtual "wall" where followers can post things they're grateful for. This could be implemented as a recurring Instagram Story feature or a dedicated hashtag.

Example post: "What made you smile today? Add to our Gratitude Graffiti Wall by sharing your moment of joy in the comments or on your Story with #GratitudeWithPurpose"
